

CODE SIX TO VLADIVOSTOK

A Visual Adaptation Pitch.

A visceral descent from urban purgatory to spiritual salvation—and the immediate, supernatural retaliation that follows.

The Inverse Arcs of Salvation and Destruction

Intensity

A throbbing head and an empty life.

A power descended from heaven.

An ambulance for Toivo!

The moment Toivo's soul is liberated, his physical reality is completely dismantled by dark forces.

Time

**"AT THIS RATE,
I'LL DIE BEFORE
I'M THIRTY."**

A Purgatory of Smoke and Crunching Cans

- Wakes up in a smoke-filled apartment with a severe, throbbing hangover.
- The crunch of empty cans beneath his feet; gags on the taste of awful wine left on the table.
- Wears a torn denim jacket—the armor of a depressing, dark, and empty life.

The Lingering Fragments of a Fever Dream

As Toivo holds his head, fragmented, crazy dreams haunt his waking moments. These are not standard hangover hallucinations, but premonitions of spiritual warfare.

What green stones?

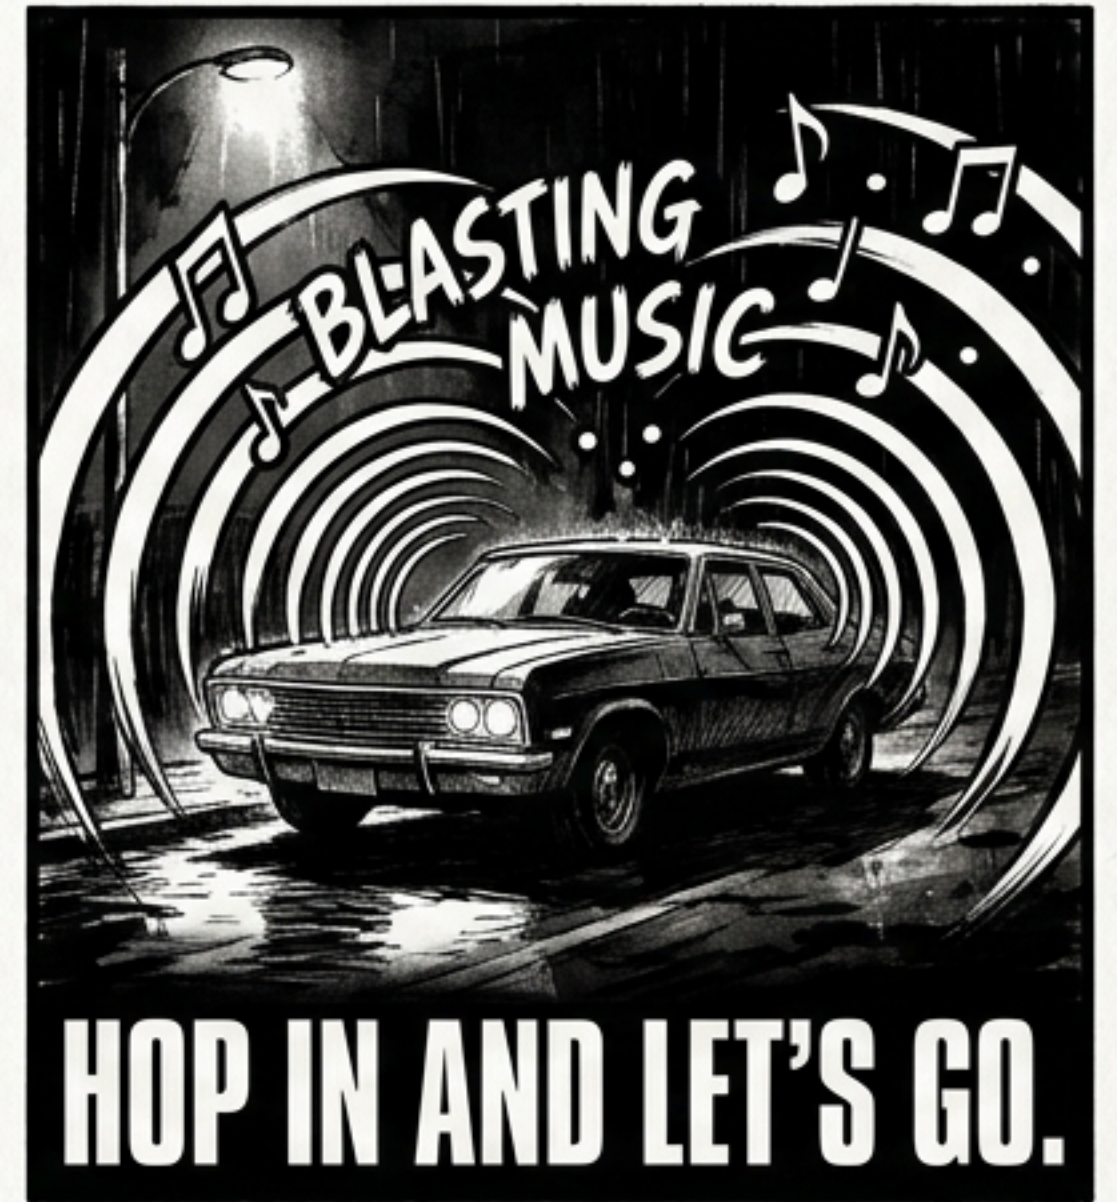

What guardian angel?

And me getting married?

THE PULL TOWARD THE RIVER

A desperate call to a friend named Mike—who lets the phone ring for a long time—initiates the journey. Mike's car waits downstairs, blasting a song specifically about a river.

THE ARRIVAL OF UNEARNED PEACE

Sitting on the bench, consumed by the emptiness of his dark life, Toivo witnesses three strangers approaching. He feels an immediate, jealous ache for the joy and peace shining visibly from their faces.

THE WEIGHTLESS LIBERATION

1. Submission: Toivo answers "Yes, I do," sensing absolute sincerity and the presence of a Spirit. He falls to his knees.

2. The Invocation: The strangers pray over him: "In the name and blood of Jesus."

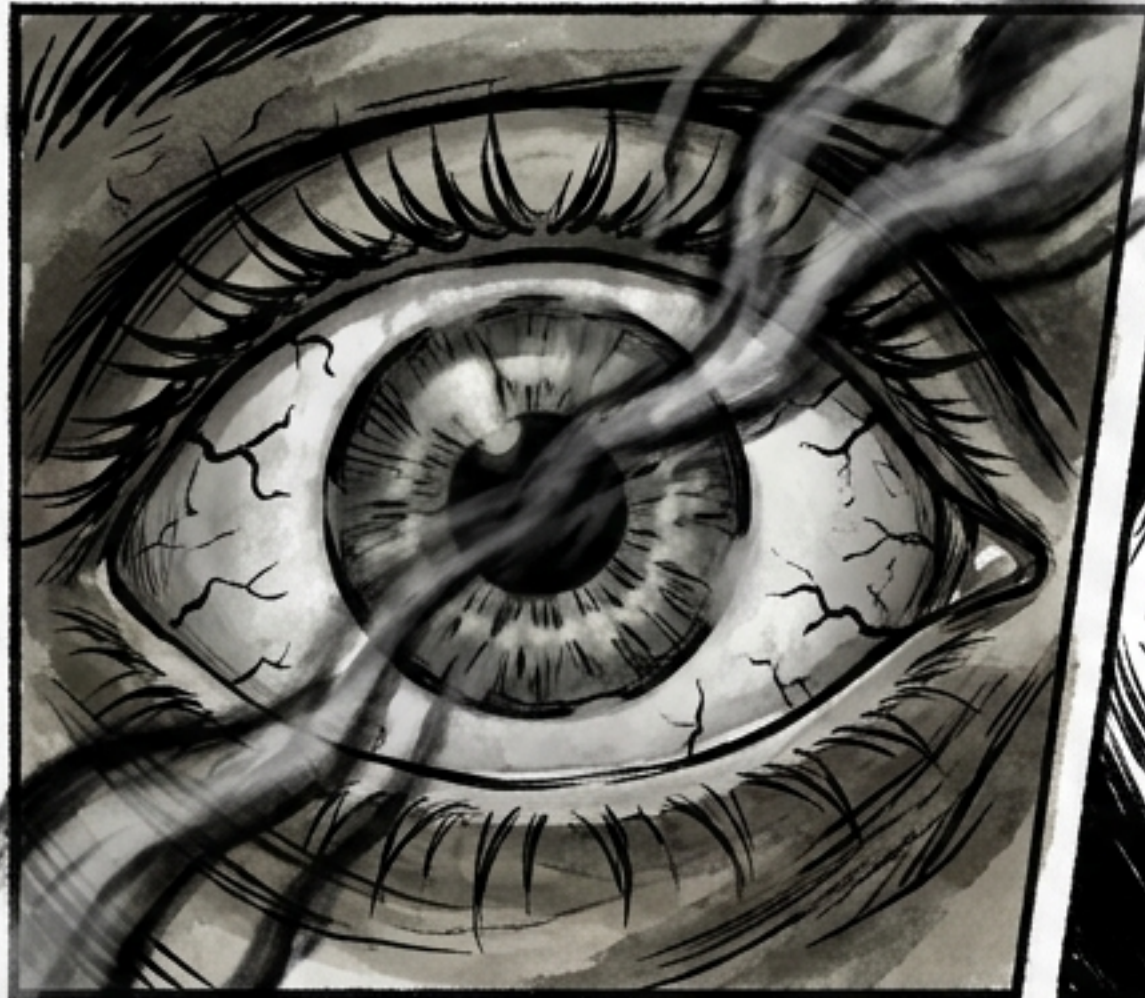

3. The Descent: A power descends from heaven. Toivo feels completely liberated, light as a feather, thanking the "unworthy servants."

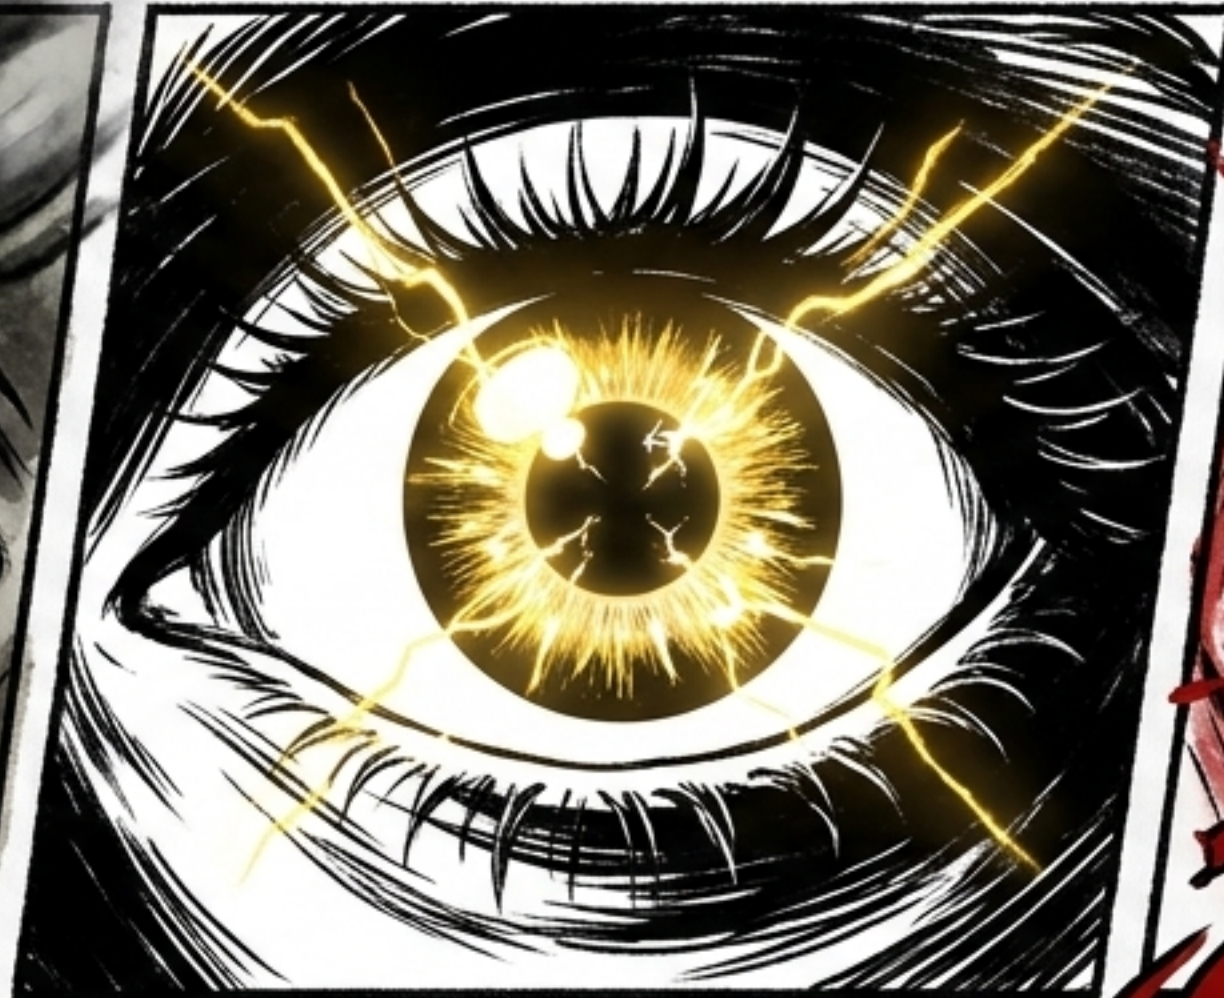

The ultimate miracle: the **immediate, sudden death** of his craving for alcohol.

THE METAPHOR OF SIGHT AND BLINDNESS

Toivo's journey is mapped entirely through how he sees the world—moving from clouded despair to blinding spiritual clarity, culminating in violent, enforced blindness.

The Throbbing Hangover

The Spiritual Awakening

The Coming Retaliation

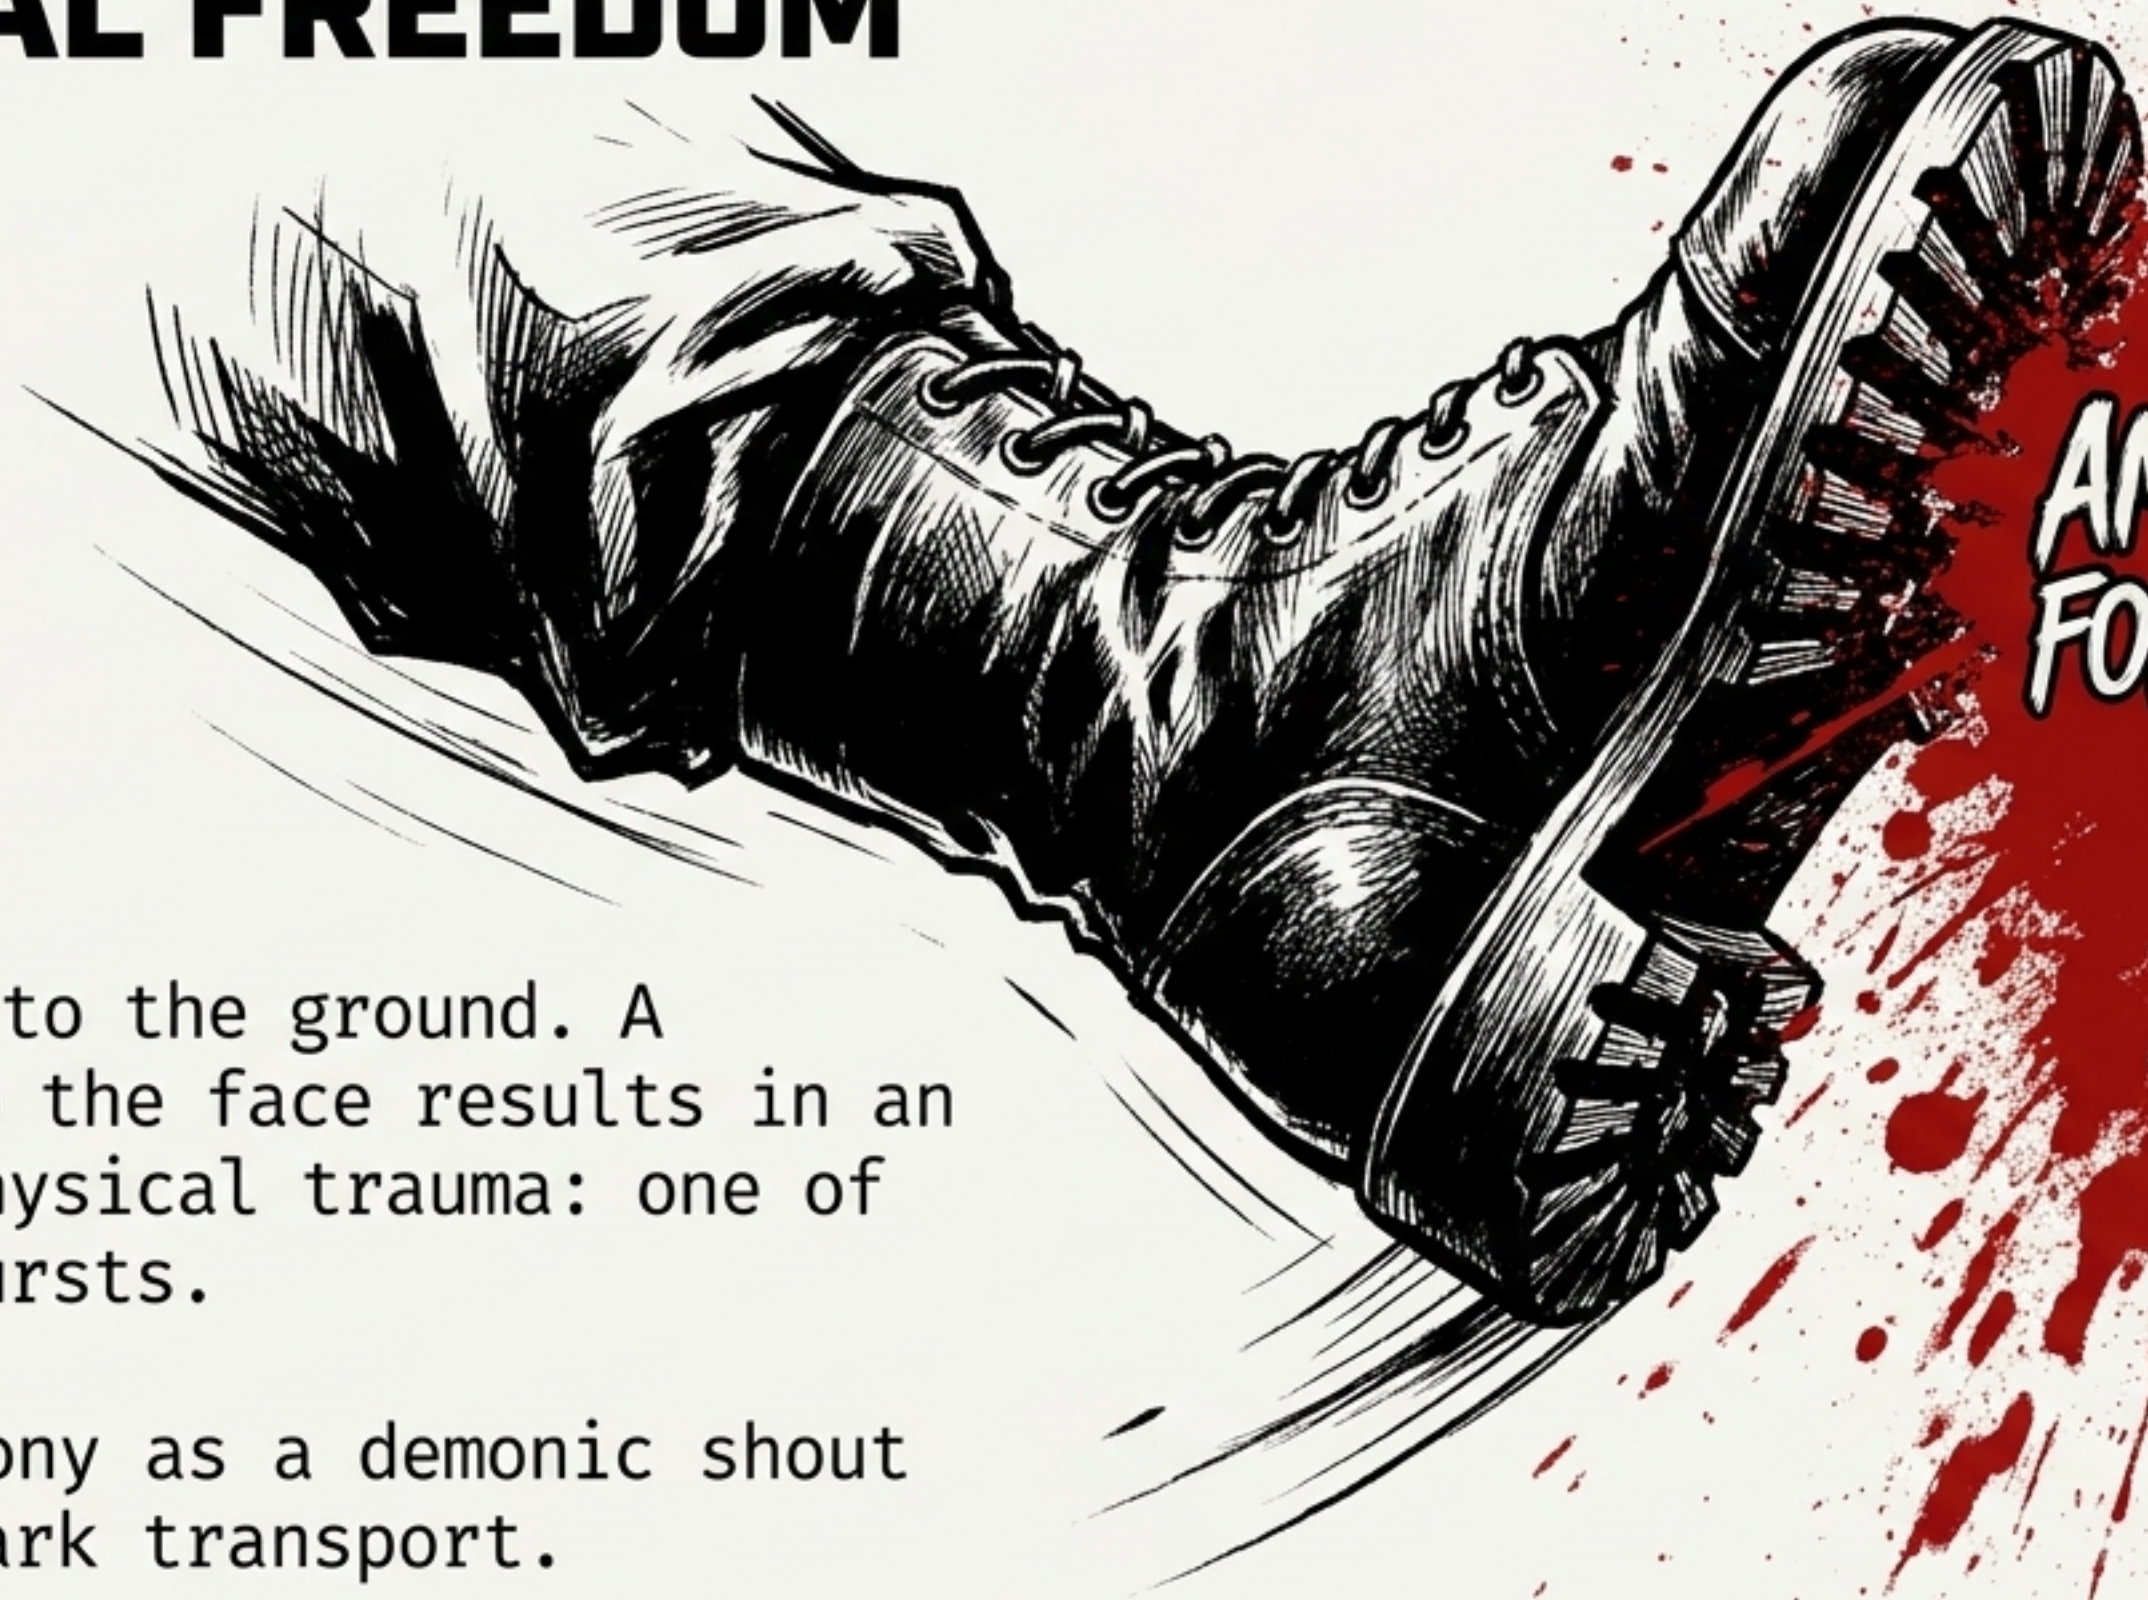

The Echo of Salvation is Demonic Laughter

LCACKLING

LAUGHTER

Jesus loves you.

The spiritual high is immediately answered by an ambush. A large gang surrounds Toivo the moment his saviors depart.

THE PHYSICAL TOLL OF SPIRITUAL FREEDOM

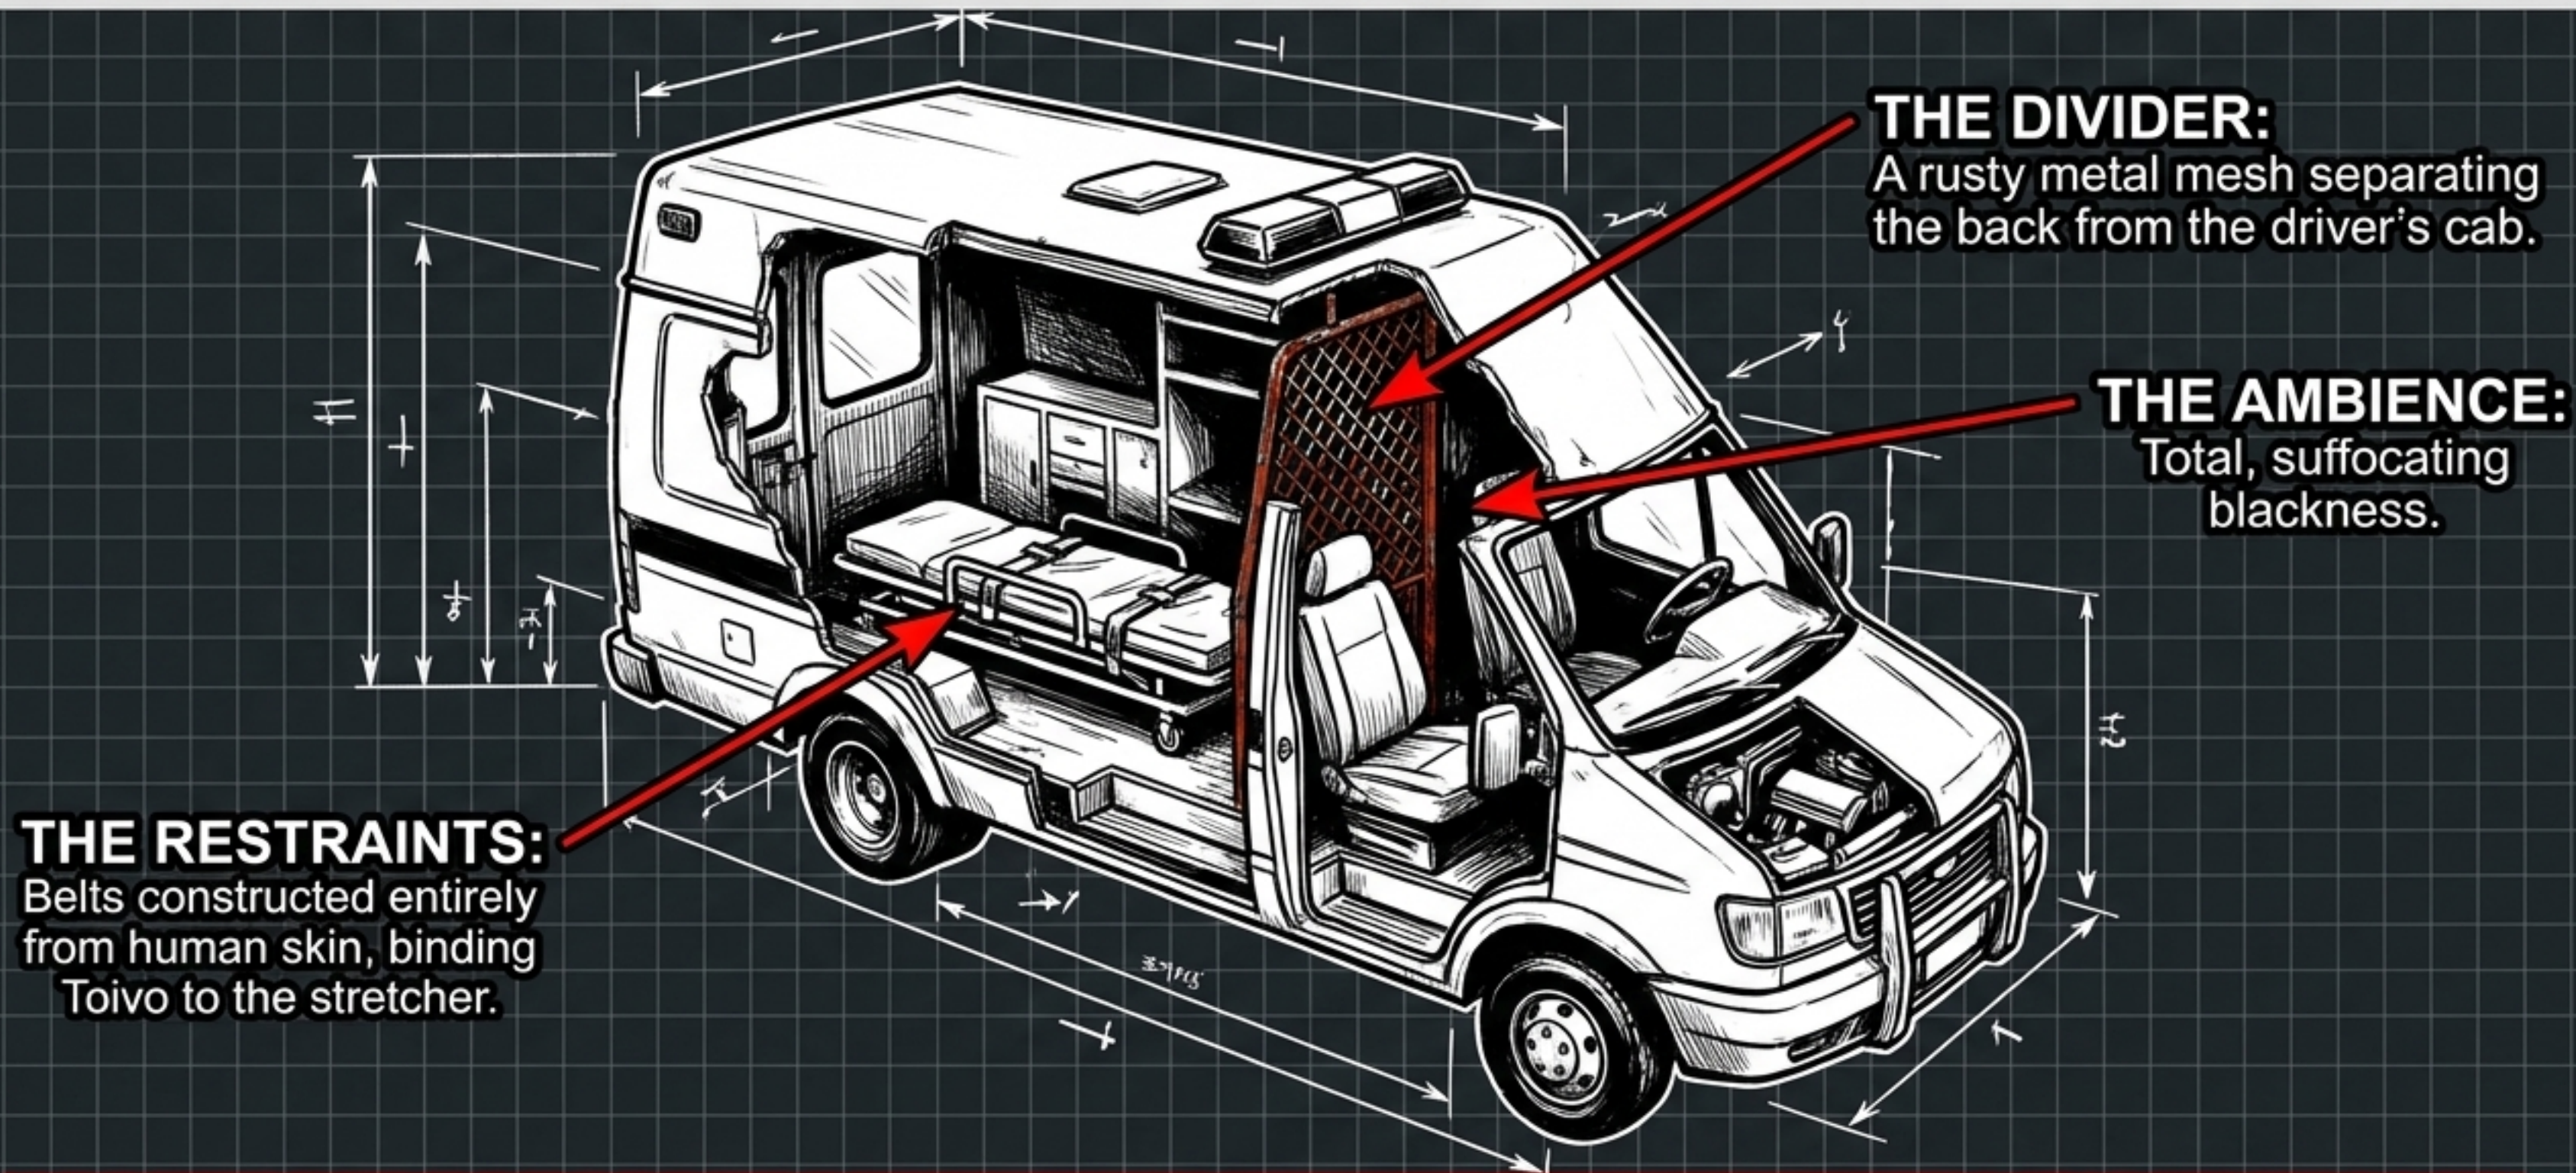

AN
AMBULANCE
FOR TOIVO!

They knock him to the ground. A violent kick to the face results in an unimaginable physical trauma: one of Toivo's eyes bursts.

He howls in agony as a demonic shout summons his dark transport.

VEHICLE OF TORMENT: THE 'VLADIVOSTOK' TRANSPORT

THIS IS NOT AN EMERGENCY VEHICLE INTENDED TO HEAL; IT IS A MOBILE TORTURE CHAMBER TRANSITIONING TOIVO TO A DARKER REALM.

ENTITY DESIGNATION: THE HELL NURSE

Attire: A filthy, dirty white suit.

Physicality: Bleeding gums, continuously gnashing teeth.

Action: Instead of providing medical care, she violently sews Toivo's burst eye shut using a crude needle and thread.

ENTITY DESIGNATION: THE DARK DRIVER

Attire: A formal black tuxedo, deeply out of place for an ambulance driver.

Physicality: Pitch-black eyes devoid of sclera or humanity.

The Final Command: A deep, resonant voice booming through the rusty mesh.

“Code six to Vladivostok.”

The final words heard before Toivo loses consciousness entirely.

THE THREE REALITIES OF TOIVO

	THE MUNDANE PURGATORY	THE RIVERSIDE DIVINE	THE VLADIVOSTOK ABYSS
Environment	Apartment / Park	Open air river	Black Ambulance
Entities Present	Mike (distant voice)	Three Strangers	Hell Nurse, Tuxedo Driver, Gang
Sensory Details	Crunching cans, awful wine	Heat lightning, joyful faces	Human skin belts, rusty mesh, bleeding gums
Toivo's State	Depressed, craving alcohol, throbbing head	Light as a feather, liberated, praying	Eye burst, sewn shut, unconscious

THE CORE THEMATIC ENGINE: THE LAW OF IMMEDIATE RETALIATION

In this universe, spiritual salvation is not a shield—it is a flare.

The Provocation of Light: Toivo's mundane depression leaves him ignored by dark forces. It is only when he achieves divine liberation and utters "Jesus loves you" that the darkness attacks.

Equilibrium of Extremes: Every ounce of spiritual peace gained is immediately countered by an equal measure of supernatural physical violence.

The Narrative Promise: The journey to "Vladivostok" is not a punishment for his past sins, but retaliation for his newfound salvation.
